

Celebrating our
25th
Anniversary

25 YEARS *What an exciting ride!*

In an industry not exactly noted for its resilience through a roller coaster of economic cycles, we can all be very proud to not only have reached the 25-year milestone but to have done it while going steadily from strength to strength.

It seems such a short time ago, but when Jerry Caine and I founded the company we consciously committed to never compromise on quality.

We never wavered from this, and I am convinced that we are where we are today due to this dedication. We must never forget this going forward.

Our innovative products are now intensely scrutinised by our competition. We have risen to be counted amongst the top three catamaran builders in the world and have won numerous global awards to reinforce this.

Thank you to all of our employees, management team, directors, and shareholders for helping build a great company! Thank you to all of our vendors, partners and boat owners for supporting us in this.
